

Statement directive RoHS and WEEE

- We hereby state that we fulfil the demands in the Essential Requirement in Directive 94/62/EC. Directive 94/62/EC complies with the RoHS directive (2011/65/EU) - "*the restriction of the use of certain hazardous substances in electrical and electronic equipment*" and the WEEE directive (2012/19/EU) - "*on waste electrical and electronic equipment*".
- The sum of the concentration of lead (Pb), cadmium (Cd), mercury (Hg) and Hexavalent Chromium (Cr 6⁺) does not exceed 100 ppm, verified in accordance with CEN/CR 13695-1. Measurements made on our boards give values well below 20 ppm.
- Fiskeby don't intentionally add any halogenerated substances such as CFC, PCB, PVC or PolyBrominated Biphenyls (PBB) or PolyBrominated Diphenyl Ethers (PBDE) in the manufacturing process of Multiboard.
- All chemicals added comply with the German recommendations BfR XXXVI.
